My name is [First/Last Name] with the (Enter Organization name). We have a roadway safety crisis on our hands. Each year, thousands of people are killed or seriously injured in PREVENTABLE crashes on California roads. The biggest toll is on people of color and people who do not have the same access to safe transportation options. Help improve traffic safety in YOUR community. Be a traffic safety champion and help us make YOUR neighborhoods, and communities across California, safer. We can't solve the roadway crisis without your help. To create a safety culture and reach zero deaths and serious injuries, we need your input. Go Safely, California.

My name is [First/Last Name] with (Organization name) with an important request. We support efforts from the California Office of Traffic Safety to create a safety culture where everyone will go safely. The stark reality is that nearly 43,000 people were killed in traffic crashes in the U.S. in 2021. Over the same period in California, almost 12 people were killed in traffic crashes every day! We must not accept that traffic deaths and serious injuries are inevitable. And we need your help. Join the Go Safely Movement. Take a brief survey at go.safelyca.org. Let us know what traffic safety issues you are experiencing in your community. Become a traffic safety champion and help us make roads safer where you live. We value your input. Go Safely, California.
